Re: Application by Qwest Communications International, Inc. for Authorization to Provide In-Region InterLATA Services in the States of Colorado, Idaho, Iowa, Montana, Nebraska, North Dakota, Utah, Washington, and Wyoming. WC Docket No. 02-314

Dear Ms. Dortch:

On Friday, November 15, 2002, Robert Quinn, David Lawson and the undersigned, all representing AT&T, met with William Maher, Carol Matthey, Michael Carowitz, William Dever, Aaron Goldschmidt, Rich Lerner, Jennifer McKee and Jessica Rosenworcel to discuss the concerns raised by AT&T in the above-referenced proceeding. In particular, AT&T reiterated that Qwest's failure to provide Mechanized Loop Test ("MLT") information is a clear checklist violation and Qwest's intentional and repeated efforts to hide the existence of the MLT information is a clear violation of Qwest's "duty of candor;" that Qwest again has failed to demonstrate compliance with Section 272; that Qwest's recent filing and posting of agreements did not, and could not, cure the discrimination and other secret deals-related deficiencies in this application; that Qwest's pre-ordering and ordering systems are unnecessarily complex; that Qwest fails to provide accurate electronic bills that are auditable; and, that Qwest's inflated UNE rates in Idaho, Iowa, Montana and Washington effect a price squeeze and preclude competitive entry. The arguments made were consistent with AT&T's previous filings in the above-referenced proceeding.

One electronic copy of this Notice is being submitted to the Secretary of the FCC in accordance with Section 1.1206 of the Commission's rules.

Sincerely,

cc: Michael Carowitz
